(4) Preparing & sending bills, payment causes considerable delay. Experience shows that bills are not promptly paid with the result that this office is compelled to send frequent reminders. The best course would be to transfer the money to the Press and send all the year's work to the Press for execution from the sample under reference, the nature of the binding work required to be done is simple and therefore serious delay in the supply of bound books is not likely to result.

Sir,

With reference to para VIII of Government order No.G.22006 65/P & S 7-20-4 dated 20-5-21 disallowing binding charges in the Contingent Bills, I have the honor to state that the binding work done in this Department is quite different from the binding work referred to in the Govt order. The field and other books which are constantly handled have been bound with cheap cloth covers for a great many years past. I think also that it is not practicable to substitute anything as durable at cheaper rates. I request that you will therefore be good enough to obtain the sanction of Government for the continuance of this very ~~cheap~~ economical practice. A sample of 10 pages of a field Tippani book is forwarded herewith for inspection. A statement showing the rates we now pay for the different sizes of books is also submitted for kind perusal. These rates are of course exclusive of the price of the cloth which is purchased from the Govt mills.

Maharaja of Mysore, General Department.

Sir,

With reference to your letter No. MI 1732/P & S.33-21-2 dated the 12th ~~instant~~ October 1921 enquiring whether there are any special difficulties in getting the binding work of the Survey Department done at the Government Press and whether the cost of binding viz. Rs.800 per year can be transferred to the Press budget, I have the honor to state that if the Government Press fail to supply this department with bound books etc. as promptly as they may be required from time to time, the new arrangement will work as a serious drawback to the progress of the work of the Department. I beg therefore that a clear understanding on this point may be caused to be arrived at beforehand with the Superintendent of Stationery. I beg further to suggest that it would be better if the bills are presented to this department as they fall due for payment, so that it may be possible for this Department to get the binding work done as usual whenever a likelihood of delay in the supply of books from the Press becomes apparent.
